Important information you need to know

We may change the information contained in this document from time to time. We will communicate any changes to the way we pay medicines when we make these.

The Chronic Illness Benefit (CIB) is governed by the Anglovaal Medical Scheme Rules. The utilisation of the benefits and programmes associated with the CIB are subject to specific conditions and rules. Members must ensure that they are familiar with these rules and conditions.

Any instructions or advice on medicines and the management of the member's condition are intended as a supplement to, and not a substitute for, the knowledge, expertise, skill and judgement of the member's doctor, pharmacist or other healthcare professional.

Anglovaal Medical Scheme reserves the right to change the benefit at any time.

Explanation of terms

Benefit year

A benefit year refers to the benefits a member is entitled to during a calendar year, ie 1 January to 31 December. This medicine list (formulary) and Chronic Drug Amounts are applicable for 2013 only.

Chronic Drug Amount (CDA)

The CDA is a monthly amount we pay up to for a medicine class. This applies to medicine that is not listed on the medicine list (formulary). The CDA includes VAT and the dispensing fee.

Prescribed Minimum Benefit conditions (PMB conditions)

These are conditions that the Council for Medical Schemes has determined for coverage by all medical schemes, in any setting, according to clinical guidelines.

Chronic Disease List (CDL)

A defined list of chronic conditions we cover according to the Prescribed Minimum Benefits.

Medicine class

This describes medicines that have similar chemical structures or similar therapeutic effects.

Active ingredient

This is the main substance in a medicine that is responsible for the clinical action on a human body.
