

## HIVCare Programme 2017

### Who we are

Remedi Medical Aid Scheme (referred to as 'the Scheme'), registration number 1430, is a non-profit organisation, registered with the Council for Medical Schemes.

Discovery Health (Pty) Ltd (referred to as ("the Administrator")), is a separate company registered as an authorised financial services provider (registration number 1997/013480/07), administers Remedi Medical Aid Scheme.

### Contact us

You can call us on **0860 116 116** or visit [www.yourremedi.co.za](http://www.yourremedi.co.za) for more information

### Overview

This document gives you information about the Remedi Medical Aid Scheme HIVCare Programme. It explains your cover for HIV-or AIDS- related hospital admissions and HIV medicine.

We also give you information on the doctor consultations, laboratory tests and x-rays we cover.

## Some of the terms we use in this document

There are a number of terms we refer to in the document that you may not be familiar with. We give you the meaning of these terms:

Terminology	Description
Chronic Drug Amount	A monthly amount we pay up to for a medicine class subject to the benefits offered by your chosen Option. This applies to medicine that is not listed on the formulary or medicine list. This does not apply to Remedi Standard Option.
Day-to-day benefits	These are the funds available in the Personal Medical Savings Account or Insured Out-of-Hospital Benefit, depending on your chosen Option's benefits available.
Remedi Rate	This is the rate that Remedi Medical Aid Scheme sets for paying claims from healthcare professionals.
Payment arrangements	We have payment arrangements in place with specific specialists to pay them in full at a negotiated rate.

## The HIVCare Programme, at a glance

### You have access to clinically sound and cost-effective treatment

We base the Remedi Medical Aid Scheme HIVCare protocols on the Southern African HIV Clinicians' Society and South African Department of Health guidelines. Approval of HIV- related services is subject to Prescribed Minimum Benefit guidelines and your benefits.

### We deal with each case with complete confidentiality

HIV or AIDS is a sensitive matter, whether one has the condition or not. Our HIV healthcare team respects your right to privacy and will always deal with any HIV- and AIDS-related query or case with complete confidentiality.

### No overall limit for hospitalisation for members who register on the HIVCare Programme

For members who register on the HIVCare Programme, on all benefit options, there is no limit to the hospital cover. Subject to pre-authorisation and Remedi Medical Aid Scheme rules.

### We cover a specified number of consultations and HIV-specific blood tests for your condition

For members who are registered on the HIVCare Programme, we pay for four (4) GP consultations and one (1) specialist consultation for the management of HIV.

We also pay HIV-specific blood tests for members who are registered on the HIVCare Programme. These tests are a measure of the extent of the HI virus and are instrumental in managing the patient's response to treatment. The specific tests are listed in the *Benefits available for your Option*.

## **We cover antiretroviral medicine from our HIV medicine list up to Remedi's medicine rate**

Members who test positive for HIV have cover for antiretroviral medicines that are on our HIV medicine list (formulary). This includes treatment for prevention of mother-to-child transmission, treatment of sexually transmitted infections and HIV-related (or AIDS-defining) infections. We will fund for supportive medicine whose conditions meet our requirements for cover (clinical entry criteria). Our case managers will coordinate HIV medicine applications and monitor the member's use of antiretroviral treatment to ensure the treatment is effective.

For preventive treatment in case of sexual assault, mother-to-child transmission, trauma or workman's compensation, any HIV waiting periods do not apply to preventive medicine. Cover is subject to national treatment guidelines and benefit confirmation. Members do not need to register on the HIVCare Programme for this preventive treatment.

## **We cover nutritional feeds to prevent mother-to-child transmission**

Nutritional feeds are covered for babies born to HIV-positive mothers, up to six months old from date of birth, as per Nutritional and Mother to child prevention milk formula list (formulary).

## **Getting the most out of your benefits**

### **Register on the HIVCare Programme to access comprehensive HIV benefits**

You need to register on the Remedi Medical Aid Scheme HIVCare Programme to access the benefits available on the HIVCare Programme. Call us on 0860 116 116, fax 011 539 3151 or email [HIV\\_Diseasemanagement@discovery.co.za](mailto:HIV_Diseasemanagement@discovery.co.za) to register.

The HIVCare team will only speak to the HIV-patient or the treating doctor, about any HIV-related query.

### **Use approved medicine on our medicine list**

Remedi Medical Aid Scheme does not cover experimental, unproven or unregistered treatments or practices.

You have full cover if your healthcare provider charges the Remedi Medication Rate. For clinically appropriate medicine that is not on the list, we will pay up to a set monthly amount (Chronic Drug Amount). You will be responsible to pay any shortfall from your pocket, for medicines not on the list or if the pharmacy charges more than the Remedi Medication Rate.

### **Get your medicine from a healthcare provider who is part of our network**

Dischem is the Scheme's Designated Service Provider (DSP) for dispensing HIV antiretroviral medicines. Remedi Medical Aid Scheme members who do not use Dischem for their HIV antiretroviral medicine will have to pay a 20% co-payment on their monthly HIV medicines.

## What you need to do to get your approved medicine from Dischem

To get your approved HIV antiretroviral medicine, you need to register with Dischem:

1. Call 0860 906 090
2. Complete and sign the form and email it to [direct@dischem.co.za](mailto:direct@dischem.co.za) or fax it to 086 641 8311
3. For all queries and submission of repeat prescriptions email [direct@dischem.co.za](mailto:direct@dischem.co.za) or fax your repeat script to 086 641 8311

## Use a healthcare provider who participates in our payment arrangements

If the GP, specialist or other healthcare provider participates in our payment arrangements, we will pay the account up to agreed rate. If you don't use a healthcare provider who participates in our payment arrangements, you will be responsible for any shortfall between what the provider charges and what Remedi Medical Aid Scheme pays.

Tell us where you'll be having your treatment and who your treating doctor is, and we'll confirm if the healthcare provider participates in one of our payment arrangements. If you choose to have your treatment at a provider who is in one of our payment arrangements, there will be no shortfall in payment. Remember that your Option's benefits still apply in this case.

Remedi Medical Aid Scheme's MaPS (Medical and Provider Search) on [www.yourremedi.co.za](http://www.yourremedi.co.za) helps you find medical services and providers where you will be covered without

a co-payment.

Go to [www.yourremedi.co.za](http://www.yourremedi.co.za) for more details.

## Take your HIV medicine as prescribed and send test results when we ask for them

We will only fund your HIV treatment if Remedi Medical Aid Scheme has approved it and you remain compliant with your treatment plan. Once you've registered on the HIVCare Programme, you'll need to send us follow-up tests, when we ask for them, for us to assist you in the ongoing management of your condition.

### **Prescribed Minimum Benefit cover**

The Prescribed Minimum Benefits are guided by a set list of medical conditions as defined in the Medical Schemes Act of 1998. These conditions include 270 defined diagnoses and their associated treatments, as well as 27 chronic conditions.

All medical schemes in South Africa have to include the Prescribed Minimum Benefits in the benefit options they offer to their members. There are, however, certain requirements that a member must meet before he or she can benefit from the Prescribed Minimum Benefits.

1. Your condition must be part of the list of defined conditions for Prescribed Minimum Benefits. You may need to send us the results of your medical tests and investigations that confirm the diagnosis for your medical condition.

2. The treatment you need must match the treatments included as part of the defined benefits for your medical condition.
3. You must use a doctor, specialist or other healthcare provider with whom Remedi Medical Aid Scheme has negotiated a specific payment arrangement. There are some cases where this is not necessary, for example a life-threatening emergency.

HIV infection is classified as a Prescribed Minimum Benefit condition for members who qualify for cover. However, only certain treatment protocols are available for funding from this benefit.

More information on our approach to Prescribed Minimum Benefits is available at [www.yourremedi.co.za](http://www.yourremedi.co.za)

## Your doctor can appeal for additional cover

We cover certain basic out-of-hospital treatments related to HIV infection as a Prescribed Minimum Benefit. You can ask for additional cover if your condition requires this, through an appeals process. Once we have approved the additional cover, we will pay the claims for these treatments in full, if your doctor participates in one of our payment arrangements. You may be responsible to pay part of the claim if your doctor does not participate in one of our payment arrangements.

We pay all other out-of-hospital treatments from the available funds in your day-to-day benefits, if available on your benefit option. If your benefit option does not have day-to-day benefits or you have run out of money, you will be responsible to pay these from your pocket.

## Benefits available for your benefit option

### Remedi Medical Aid Scheme Comprehensive and Classic Options

#### Hospital admissions

Cover for all costs while you are hospitalised is not automatic. When you know you are going to hospital, you need to tell us beforehand. You must pre-authorise your admission to hospital at least 48 hours before you go in. Please phone our Hospital Services on **0860 116 116** and follow the prompts to obtain approval. You may also apply for approval by sending an email to [preauthorisations@discovery.co.za](mailto:preauthorisations@discovery.co.za)

When you contact us, please have specific information about your procedure and admission available, so that we are able to assist you.

#### GP and specialist consultations

For members who have registered on the HIVCare Programme, we pay four (4) consultations, including one specialist's consultation for HIV, for each person for the year. We may pay more consultations, including paediatricians, if required.

If you haven't registered, we pay the consultation costs from available funds in the day-to-day benefits. We pay these claims up to the Remedi Rate. You will be responsible to pay any shortfall from your pocket.

## HIV antiretroviral and HIV-supportive medicine

If your approved medicine is on our HIV medicine list, and you use the designated service providers for HIV medicines – to get your medicines, we will pay for it in full up to the Remedi Rate for medicines.

If you do not use our designated service provider, you will have to pay a 20% co-payment on your HIV antiretroviral medicines, HIV nutritional and mother-to-child prevention milk formulas. This does not apply to the Euvax b flu vaccine and multivitamins in the HIV basket of care we cover it in full up to Remedi Rate.

We cover approved antiretroviral medicine not on our HIV medicine list up to a set Chronic Drug Amount (CDA). You will be responsible to pay any shortfall from your pocket.

Members have cover of up to R495 a person a year for the multivitamins and vaccinations shown below. Flu vaccinations will be paid from the Screening and Prevention Benefit.

Medicine name	NAPPI code
Multivitamin	799173002
Multivitamin orange	838500005
Euvax b vial 1ml	713048001

## HIV-monitoring blood tests

For members registered on the HIVCare Programme, we cover the following blood tests, up to the Remedi Rate:

Test	Number of tests we cover for each person a year
CD4 count	4
Viral load	4
ALT	3
Full blood count (FBC)	4
Fasting lipogram	1
Fasting glucose	1
Urea and electrolytes (U&E) and creatinine	1
Liver function test (LFT)	1
HIV drug resistance test (genotype)	1 (we only cover this test if we have approved funding before the test is done)

For members not registered on the HIVCare Programme, we pay the test costs from available funds in the day-to-day benefits.

## Remedi Medical Aid Scheme Standard option

### Hospital admissions

Cover for all costs while you are hospitalised is not automatic. When you know you are going to hospital, you need to tell us beforehand. You must pre-authorise your admission to hospital at least 48 hours before you go in. Please phone our Hospital Services on **0860 116 116** and follow the prompts to obtain approval. You may also apply for approval by sending an email to [preauthorisations@discovery.co.za](mailto:preauthorisations@discovery.co.za)

When you contact us, please have specific information about your procedure and admission available, so that we are able to assist you.

## GP and specialist consultations

For members who have registered on the HIVCare Programme, we pay unlimited at the member's chosen Network GP, including one specialist's consultation for HIV, for each person for the year. We may pay more consultations, including paediatricians, if required.

If you haven't registered, we pay the consultation costs from available funds in the day-to-day benefits. We pay these claims up to the Remedi Rate. You will be responsible to pay any shortfall from your pocket.

## HIV antiretroviral and HIV-supportive medicine

Only approved HIV antiretroviral medicine and HIV-supportive medicine on our medicine list will be covered.

You must get your approved medicine from Dischem, our designated service provider for HIV medicines for medicine to be covered in full.

If you do not use the designated service provider, you will have to pay a 20% co-payment on your HIV antiretroviral medicines, HIV nutritional and mother-to-child prevention milk formulas. This does not apply to the Euvax b flu vaccine and multivitamins in the HIV basket of care we cover it in full up to scheme medicine rate.

Members have cover of up to R495 a person a year for the multivitamins and vaccination shown below. Flu vaccinations will be paid from the Screening and Prevention Benefit.

Medicine name	NAPPI code
Multivitamin	799173002
Multivitamin orange	838500005
Euvax b vial 1ml	713048001

## HIV-monitoring blood tests

If you are registered on the HIVCare Programme, the Scheme will pay for these blood tests up to the Remedi Rate:

Test	Number of tests we cover for each person for the year
CD4 count	4
Viral load	4
ALT	3
Full blood count (FBC)	4
Fasting lipogram	1
Fasting glucose	1
Urea and electrolytes (U&E) and creatinine	1
Liver function test (LFT)	1
HIV drug resistance test (genotype)	1 (we only cover this test if we have approved funding before the test is done)

If you haven't registered on the HIVCare Programme, you must pay these costs from your pocket.

Administered by Discovery Health

## Complaints process

You may lodge a complaint or query with Remedi Medical Aid Scheme directly on 0860 116 116 or address a complaint in writing to the Principal Officer at the Scheme's registered address. Should your complaint remain unresolved, you may lodge a formal dispute by following the Remedi Medical Aid Scheme internal disputes process.

You may, as a last resort, approach the Council for Medical Schemes for assistance. Council for Medical Schemes Complaints Unit, Block A, Eco Glades 2 Office Park, 420 Witch- Hazel Avenue, Eco Park, Centurion, 0157 / 0861 123 267 / [complaints@medicalschemes.com](mailto:complaints@medicalschemes.com) / [www.medicalschemes.com](http://www.medicalschemes.com)
